Product overview

1. Washer & T-bars

LEWI washers meet the highest professional demands.

They fit comfortably and safely into the hand, ensuring the right grip even in wet conditions.

2. Squeegees & Rubber

LEWI window wipers allow rapid and streak-free working – even on complicated objects. LEWI wiper rubbers convince through first-class quality and durability.

LEWI wiper bars can be exchanged and adjusted easily. They are made of high-quality stainless steel.

Wiper rubber (hard): perfect for smooth surfaces and warmer outdoor temperatures (Shore-hardness = 60 ± 2).

Wiper rubber (soft): perfect for uneven surfaces and colder outdoor temperatures (Shore-hardness = 53 ± 2).

3. Glass scraper & Blades

Stubborn dirt, paint residues or stickers can be easily removed with LEWI glass scrapers. They fit perfectly into the hand and can be operated fast and easily.

The easy exchange of the blades and the protective mechanisms ensure the necessary safety at work.

4. Telescopic poles

Perfect for all works carried out from a distance, at height or overhead works. The LEWI telescope pole system enables safe and fast working without ladder directly from the ground. It comprises of high-quality professional telescope poles and a large number of complementary tools + components. These can be clipped on easily and safely. The sophisticated Lehmann connection system with special cone ensures a fixed connection at any time.

A specifically fitted slide block prevents the poles from twisting sideways. Available lengths: up to 16 metres. Special sizes on request.

Order, packaging and shipment:

- PU 10: Order of 10 items sorted each possible
- PU 4: Order of 4 items sorted each possible
- Packaging costs are charged in case of orders, which are smaller than our packaging units (PU)

8. Outdoor systems

LEWI PURASTART Mini. Just connect it to the water line - ready to start.

The proven Lehmann water processing technology turns normal tap water into powerfully cleaning “pure” (demineralized) water for the cleaning process.

It mixes with the dirt particles on the surface which are just washed away by the water afterwards.

Ideal for cleaning works in heights of up to 10 metres safe, directly from the ground.

9. Indoor systems

The system solution for fast and perfect indoor cleaning. Surfaces dry streak-free due to the use of „pure“ (demineralized) water.

Perfect for cleaning windows, staircases, elevators, partition wall systems, glass doors, shop windows, showcases, mirrors or shower cubicles.

Ideal for cleaning works in heights of up to 10 metres safe, directly from the ground.

10. Accessories

LEWI accessories have been proven in tough professional use. It helps to make daily cleaning works even easier.

11. Belt, Quiver & Holster

With the LEWI holster, the quiver or the apron, you have the most important items always at hand and, thus, will be able to work fast and speedy.

High-quality materials ensure a long durability.

12. Bucket & Waxer

LEWI buckets are functional and perfectly prepared for professional cleaning use.

The rectangular bucket with a capacity of 22 litres allows a complete immersion of up to 45 cm wide cleaning tools.

13. Water squeegees & Mop handle

Whether for easier cleaning jobs or industrial use LEWI water squeegees are specialists for perfect floor cleaning.

Depending on the job requirements, water squeegees can be supplied with reinforced pole holders or in different foam rubber qualities.

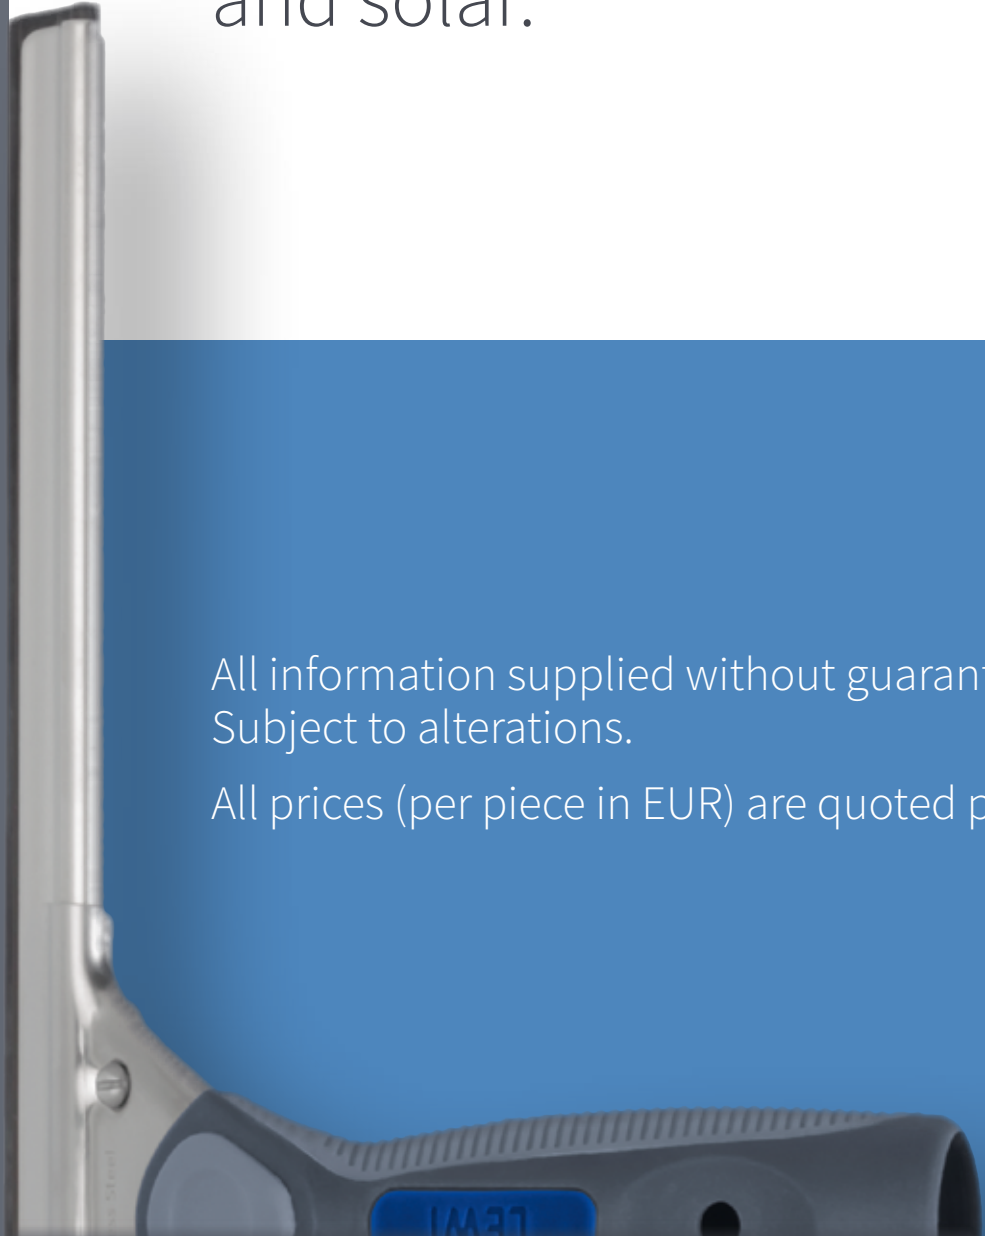

14. LEWI Cloth & Pad sponges

The practical helper for perfect glass cleaning and care. For an easy removal of smaller or larger dirt.

LEWI.
